SKILLS

PROGRAMMING

- C • C++ • R(ML)
- SQL • Python (ML)
- TensorFlow • Seaborn
- OpenCV • Pandas • Matplotlib
- Anaconda • Git
- Power Bi • GCP
- Spider • Jupiter Notebook
- Vs code

CO CURRICULAR

- Public Relations
- Team Work

EXPERIENCE

FESTEMBER | PUBLIC RELATIONS COORDINATOR

March 2020 - Present | Trichy, India

Blog Writing | Writer on Medium

PUBLISHED BLOGS ON

- Towards Data science
- Startup
- Analytics Vidhya

CERTIFICATIONS

- 2020 Machine Learning By Stanford
- 2020 Neural Networks and Deep Learning By Deeplearning.ai
- 2020 Natural Language Processing By Deeplearning.ai
- 2020 Machine Learning By Google Cloud

PROJECTS

Face Mask Detector

April 2020 - May 2020

- It identifies the Weather a person is wearing Mask or not.
- This is a real time project and works on multiple Faces at same time.

Stone Paper Scissor

August 2020 - September 2020

- This Project tells the Score while Playing Stone paper Scissor
- It works on real time and identifies the hand gestures shown by players and tells who won the round.
- The Dataset is custom made with different brightness levels and backgrounds.

Snap Chat Filter

August 2020

- It works on real time detecting the facial points and applying filters accordingly.

Coloring Grey Scale Images

June 2020 - July 2020

- This project is about Coloring Black and white images of Pokémon's.
- Using a Neural network to Color the images.

Reverse Image Search Engine

July 2020 - August 2020

- It is a Search Engine which helps to search by image in our directories.
- It compares images with the given image and find out the similar images.

Achievements

Kaggle Competitions

- Secured 516th Rank (top 12%) in Mechanics of Action (MoA) prediction.
- Secured 955th Rank (top 29%) in SIIM-ISIC Melanoma Classification.

Analytics Vidhya Competitions

- Secured 17th rank in Janata hack: Cross-sell Prediction.
